A wool shop and place to knit, spin, weave and crochet

---

## January 2019

---

### Store Hours:

Tues., Wed. & Thurs: 10am - 7pm  
Fri. & Sat: 10am - 4pm  
Closed Sundays & Mondays

**Christmas Day & New Years Day we will be closed. Happy holidays!**

### What's New At Dyed In The Wool

We have received some new Spiral Shawl Pins as well as new Lamb Kabobs. No two are the same and they are all beautiful. We love that the Spiral Shawl Pins are double sided so you actually get two looks from one Pin.

### Merry Christmas & a Happy New Year

Lynda and I would like to wish all of our knitting family a very Merry Christmas and best wishes for the New Year.

We would also like to thank you for your support this past year. We shared some fun techniques and were delighted by the amazing results. We have also seen some spinning grow into shawls, scarves and other accessories.

We have been excited by the beautiful colors and textures from the yarn companies this past year. This year also so the closing of Classic Elite Yarns and we will miss their fabulous summer yarns. They had such great cotton/linen blends in soft shades.

Some amazing designs came to life during our first Master Class and we will be sharing those new designs later in 2019. There are still a couple of them under construction but I know they are going to be well worth the wait.

As we complete our 15th year we reflected on all of the amazing men and women we have met during those years. We have seen so many of you grow in your skills and create some wonderful garments and accessories. We look forward to sharing new techniques, designs and friendship in the coming year.

### New Rowan Yarn

We are really excited to share the latest Rowan Yarn with you. At the moment we don't have a date for its arrival but it will be in January. Please check the Ravelry Forum for details. We are hoping that Michael will be able to join us during January to present the yarn and new designs.

### An Evening of Sharing

Although this is not on the calendar yet, Carol B and Teresa are planning a get together. More details can be found on our Ravelry Forum as they put their heads together.

### Anatomy of Socks

January has always been sock month at Dyed In The Wool and this year will be no exception. Carol will break down all the pieces that go together to make your socks. Some wonderful colors and textures are available but don't wait too long to sign up and get your yarn.

### Pioni Sweater

The amazing Pioni Sweater will be a class at the end of January. The class sample was created in Arranmore Light. This sweater has interesting construction, cables, texture and brioche. Lightweight and extremely wearable. The pattern is available as part of the Buy In Store option from Ravelry.

### February Socks

February has always featured a sock that is a little more challenging. This coming year we are going to offer two options. The first option will be a textured sock for those of you who want to work this years' pattern as written. The second option will be for those who want to create a pattern for themselves. Choose the option that is right for you as you will need to select your yarn and get gauge prior to the class.
