## July 2017

### Store Hours:

Tues., Wed. & Thurs: 10am - 7pm  
Fri. & Sat: 10am - 4pm

July 4th - we will be closed to celebrate the holiday

### What's New?

We have lots of new yarns, pattern books, beads and more arriving all the time.

If you like tweedy socks then you are in for a treat. We have a wonderful new sock yarn from Knit One, Crochet Too. The Kettle Tweed is soft to the touch, amazing colors and that little bit of tweed fleck that makes it perfect. This will be the start of adding many of their yarns to our store.

We have added a beautiful selection of beads from Czechoslovakia. They have a shimmer and sparkle that sets them apart.

A new lace weight yarn has arrived from England and is in strong earthy colors. Perfect to go with the beads.

We have a new worsted blend that will be super for making wonderful baby garments and blankets. It machine washes well and new mothers will love it.

### June Wine & Design

Make your reservation for this Wednesday at 7:30pm when we will be showing Carol Feller's newest yarn called Nua. Her patterns and garments are beautiful and will be available to touch and enjoy. This is a fabulous sport weight yarn made from Merino, Yak and Linen. We are delighted with this addition and know that you will be too.

### Steel Valley Yarn Crawl

The Steel Valley Yarn Crawl bags go on sale June 27th when we open the doors. Don't forget to mark the dates: July 28th through August 6th.

### Informal Spin In & Challenge

On July 15th the Spinners who participated in the Spinning Challenge will be showing off their challenge yarn. Please feel free to come and join us even if you are not a spinner. The participants were asked to create 3 skeins of yarn that are similar in weight and the colors have to be different skein to skein but coordinate. This was a challenge in color choice, blending and creating something beautiful and usable.

### Newest Spinning Wheels

Lynda and I are delighted to announce that we will be carrying the superb Merlin Tree Spindles. These small wheels pack a lot of punch. Small enough to fit in the overhead compartment on an airplane and sit nicely on the front seat of my car too! They are lightweight without compromising quality. They are handmade in Vermont and a delight to spin with. Come see them and try one out for yourself.

### Classes

#### Spritzer by Boo Knits

We will be hosting a class to get you off and running on your 2nd in the Boo for Beginners series. This second shawl starts in a similar fashion to the Rum and Cola but has a little more lace on the bottom. I am working mine in Rowan's Fine Art with size 8 beads. What will you choose?

#### Knit, Spin, Weave or Crochet

We will be hosting several throughout the summer check the calendar for details.
