### H & H Chicago

Teresa and I have a wonderful time in Chicago meeting new suppliers and some old friends. By the time we left on Friday morning our heads were spinning. We were on total sensory overload. What really made the show exciting was the individuality of the vendors. Each booth was different from the last one that we visited and reflected on the company that was represented. Yes, we bought, probably way too much and it is starting to arrive already. With that being said we are going to have an exciting Wine & Design in June where we will preview all the wonderful things to come. In fact there will be Wine & Designs throughout the summer and even into November. There will be surprises every month including a lovely visit from a new friend showing her amazing yarn and designs as well as a few trunk shows.

### What's In Store

I am so delighted to say that the HiyaHiya Sharp Tips in Size 4 are back in stock.

Also back in are the fabulous Knit Out Boxes and there is a new fabric designs. These indispensable little boxes are fabulous for travel as well as working on your deck.

From one of the new companies that I found there are some lovely squishy yarns that will be perfect for baby blankets, a baby vertebrae and so much more. These machine washable DK weight yarns are going to be a very good staple yarn. Try one and let me know what you think.

From Isager there is a super soft yarn that is perfect to knit alone but equally delightful when knitted with Tvinni or Spinni or so many other yarns.

### Wine & Design

I have a very exciting line up of Wine & Designs from June through November. In June there will be a preview of what is coming in for Fall. There will be some suggested classes for you to let me know what your thoughts are. A little hint, cables will be very front and center over the fall and winter - so that means knitting them beginning shortly so that you have them for the first cool morning of Fall. Check out each newsletter to see what the next month will bring. Reservations are required for these events.

### Begin Arigurumi

Kelly will be having an introduction to Amigurumi with a little farm animal crochet class. Her chick is so adorable.

### Crochet a Lovely Turned Brim Hat

A really fun project is this lovely hat that Kelly will be teaching. If you haven't tried one of these yet they are quick and fun to make. They are also great gift items.

### Chow Fun Cowl

I really love this cowl in Shasta that has all kinds of angles to it. One ball makes a lovely cowl. I will also be sharing some tips and tricks to make this cowl as easy as pie.
