Store Hours:

Tues., Wed. & Thurs: **10am - 7pm**
Fri. & Sat: **10am - 4pm**
Closed Sundays & Mondays

What's New At Dyed In The Wool

There are some new summery colors arriving from Baah Yarn. The box should arrive this week with lovely beach colors called Coral Bay, Pink Sand and Seashell. I have seen a preview of May 2019 and it is gorgeous, this color will also be in the box.

We have wonderful colors from Rowan in their Superwash Worsted just in time for you to select your colors and beads for Martin Storey's KAL. There are 4 blocks that can be either pillows or a throw. We have put 4 Saturday afternoons on the calendar for you to join your friends and work this KAL. I saw the blocks when I spent time with Martin in Chicago and they are gorgeous.

Rowan Trunk Show

The Spring/Summer Trunk show is here from Rowan. There are wonderful garments for you to see, touch and enjoy. I had a nice surprise when one of the sweaters that I didn't like in the Magazine turned out to be my new favorite. Is there a surprise for you in this collection? If there is let us know, it might just be turned into a class.

Love Your LYS Day

There will be a few surprises, free patterns and a couple of yarns on a deep discount. Join us for all the fun on the 27th. While this is called Love Your Store Day we think that it should be Love Our Wonderful Customers Day. Without your continued support we would not be here. Thank you all.

What's On Our Needles

Lynda has completed the Summer Sky shawl by Woolenberry using La Jolla in color April 19. This is a simple and fun knit and looks really lovely in a variegated yarn but would look stunning in a semi solid also.

I have been working on a couple of new designs that I will be presenting on Love Our Customers Day, aka LYS Day. I can't tell you too much other than there will be a cowl and a shawl pattern in a selection of animal and plant fibers.

Knit, Spin, Weave or Crochet

In May we will have a few KSWC opportunities. Please check the calendar for more details.

Butterfly or Papillon Shawl

For those of you who can't make the scheduled class for the Papillon we are adding a further Saturday date, May 4th at Noon.

Martin Storey KAL

Come and see the display for the Martin Storey KAL. Cables and beads what could be better. I think you are going to love this KAL as much as we are. Join us beginning on May 18th and the following three Saturdays as we work some Martin Magic!

Spinning With Intent

Lynda and I have been trying to set little challenges for ourselves for spinning and have come up with one that we would like to share with you. I would really like to make the Odyssey Shawl by Joji Locatelli. Wouldn't it be fun to spin the fiber and then dye it prior to knitting? If you think so please join us for an afternoon of Spinning With Intent on May 11th and we can make some plans together.

Make It Simple

Watch for Lynda's "Make It Simple" corner in the summer newsletters. Lynda will have a recommended pattern during June, July & August that she came across for the perfect summer knit. Her objective is to find projects that will make great companions for travel and back porch ease.
