A wool shop and place to knit, spin, weave and crochet

May 2017

Store Hours:

Tues., Wed. & Thurs: 10am - 7pm
Fri. & Sat: 10am - 4pm

What's New?

Lots of news - but let's start with some bad news: Canopy Worsted has been discontinued. This was a yarn that we really loved and made an exceptional Blue Herrings Shawl. I really liked it for the Handbrake Cowl and other worsted weight projects. We still have skeins available but don't wait too long.

Rowan has sent us two limited edition yarns: one is called Stone Washed and comes in four shades of denim, the other is called Breezed and is available in seven colors. Both yarns are worsted weight but are a light enough fiber for summer knitting. When you buy this yarn there is a free pattern book that comes with it for your knitting pleasure.

The soft and delicious colors of Soft Yak have arrived and they can be found on display. Lynda and I are really happy with these wonderful colors and there are so many patterns for this yarn in the Rowan Magazine, Issue 61.

Deanna's Needle Pockets

Deanna will be back in the shop on May 6th with her latest in needle pockets. This is a fabulous way to store your needles. These bags are beautifully made and will last forever. Deanna accepts checks and cash.

Knitters Delight

Dyed In The Wool will be in Salem, Ohio on April 29th for the 2nd Knitters Delight. The event will be held at the Courtyard in Salem and we will be taking some spinning fibers, yarns and kits to this show. If you are looking for something a little different, this could be it!

Maryland Sheep & Wool Festival May 6th & 7th

We are delighted that a few of us will be going to Maryland to cheer the Butler Spinners and Weavers and especially the weaver, Marilyn, who has been our spinning inspiration at Dyed In The Wool. Best wishes to a wonderful team for a successful Sheep to Shawl.

Informal Spin In & Challenge

On May 13th we will be hosting another informal Spin In and we are looking forward to seeing how the spinners are coming with their challenge. We are sure there is going to be some glorious yarn made. The spinners were challenged to create 3 skeins of yarn that are different in color but of the same weight so that they can work together.

Classes

Churchmouse Sleeveless Top

Carol will be hosting a series of classes for this fabulous summer top and more. Gauge will be discussed along with sizing, knitting in the round, adjustments to tighten the underarm area, etc. So get your yarn, pattern and bring your notebook. Also come prepared with questions as we have lots of answers for you.

Short Row Fundamentals

Carol will be continuing the adventure into short rows while we look at shoulders.

Knit, Spin, Weave or Crochet

On May 20th bring your craft of choice to work with other fiber people and spend a delightful afternoon working together. Remember, all those loose ends go in so much faster when you are talking with other crafters.
