A wool shop and place to knit, spin, weave and crochet

September 2020

Store Hours:

Tues. through Sat: 10am - 4pm
Closed Sundays & Mondays

What's New At Dyed In The Wool

Rowan will be launching their new season on September 1st with another spectacular magazine. This is one not to be missed. I will be hosting a Zoom call to show some of the patterns and some of the samples I have been knitting. There is something for everyone and as always amazing locations for the photographs. The new colors for this season are exactly what I would expect from the fabulous Rowan designers.

I am not allowed to say more until September 1st but after that you won't be able to stop me. If you would like to participate in the Zoom call on September 3rd please send me an email so that I can add you to the list.

We are going to be participating in Dream In Colors Monthly Color Program. Beginning this month we will be getting a new color every month for the next four months. If you haven't worked with Smooshy before it is soft and just lovely to knit with as well as luxurious to wear.

Urth Yarns are going to be sending us more of their Uneek in some glorious colors. Some of you made the Papillion Shawl with this yarn and it is so much fun to see the colors change. There are also some great patterns on Ravelry for this yarn. Kim actually used her Uneek to make my Linear Thinking Shawlette. So many possibilities.

Baah Colors Of The Month continue to arrive and have been truly glorious this year. I have been delighted by the lovely array of colors and look forward to seeing what Mira has in store for us.

Berroco are continuing to offer their drop ship program. I hope you are getting their newsletter KnitBits. If you haven't already signed up just go to their website, www.berroco.com and click on the subscribe in the top right hand side. Each week they offer two patterns for their drop ship program. To purchase using the drop ship program you tell me which pattern you want to make, in what size, how many balls, colors, etc. then I place the order and it ships directly to you.

LYS Day

Love Your Store day was postponed from April this year and then scheduled for September 12th. I have made the decision not to participate this year. While we are still practicing social distancing it is unfair to host such a social event. Over the last two years we have formed wonderful memories of LYS day and I want to keep it that way. So when we get to reopen without restrictions I am going to host an LYC Day (Love Your Customer Day) so that we can celebrate our amazing customers and thank you properly for your support during these difficult months.

A Conversation with Lisa Richardson

On a Saturday in October we will be hosting a conversation with the truly amazing Lisa Richardson from Rowan. Many of you know her work and have knitted some of her designs. She will be talking to us about her inspiration, her designs and showing off the latest from her collection. A morning not to be missed - so another email will get you on the list. Details will follow shortly.

Campfire Cozy Shawl

There is just enough time for you to get your yarn and join me in making this wonderful shawl. I have one small alteration to the pattern so make sure you get your yarn, sign up for the Zoom Class and get your homework done. A really lovely design.

Ravelry Unraveled

During September I will be hosting a few Zoom sessions that will introduce you to Ravelry. I will give a brief overview, look at your "Library", "Groups" and discuss the Forums. Then I will begin to explore Ravelry looking at some of the interesting tools available. In the final session in September I will be sharing how to start a project, edit and add a photograph to your project in Ravelry.
